

Dear Bishop Spencer Place,

I want to thank you for taking care of my mother during her recent stay in York Place. I was greatly impressed with the level of care she got there. All of the staff demonstrated high levels of professionalism, medical expertise, and compassion, when caring for my mother. It was a great comfort and relief to know that I could depend on everyone there to be concerned with her care and that any medical problems would be addressed quickly and with the highest regard for her well-being. Although I spent a lot of time with her there, I was confident she would be well taken care of when I was gone.

Bishop Spencer Place has a very good reputation and some of the things that stood out to me were the medical expertise from the doctors and nursing staff, the professional attitude of all the staff, the quality of the therapy she got, and the social activities. She particularly enjoyed the musical performances and the pets.

I am so glad I found a place where she could be well taken care of near the end of her life and I wish I had found it sooner. Keep up the good work.

Take care,
Becky
